## PATIENT REFERRAL PROGRAM

We want to help you and your friends receive the best possible dental care available. There are so many exciting new materials and techniques to restore teeth that most people don't know exist. We value good people, as we are sure you do, too. We still have space available for new patients in our office, and we would like to offer to anyone you know who would value quality dentistry the opportunity to receive a special free dental consultation for new patient care.

For every patient that you refer to this office for dental care, we will credit your account with \$25.00. Consider this a thank-you courtesy to be used towards any dental service that we provide! All that we ask is that you refer an individual outside of your immediate family who values quality dental care and personal attention. The greatest compliment you can pay us is by referring someone close to you.

### C) Pay as You Go

You may choose to pay your obligation for each visit with cash, check, or credit card at the visit.

### D) Prepayment in Full (For treatment over \$2000)

A prepayment Bookkeeping Courtesy of 5% will be given for direct payment in full by cash or check before or at the first treatment visit.

### E) Chase Health Advance Plan

With fast approval over the phone from Chase Health Advance, your payment can be much lower than those available through our office. ## SOME THINGS YOU SHOULD KNOW ABOUT DENTAL BENEFITS

At Anthony J. Tisoncik, DDS, we believe that you deserve the best care. That's why we always present you with the best dental solution possible to treat your personal situation. Each year we provide outstanding dental care to hundreds of folks. Some have dental benefits, but most don't. If you have dental benefits, congratulations! You are very fortunate. If you don't, we have numerous ways to make any type of dental care affordable for you. Here are some important things you should know if you do have dental benefits...

Your dental benefits are based upon a contract made between your employer and an employee benefits company. If you have any questions regarding your dental benefits, please contact your employer or the benefits carrier directly.

Dental benefits differ greatly from medical benefits. In 1959, most dental benefit plans had a yearly maximum cap of \$1,000. You'll be surprised to know today that the average dental benefit plan has a yearly maximum cap of \$1,000. There has been no significant increase in the yearly maximum cap in 50 years! However, there have been significant increases in your premiums. Dental benefit plans will never pay for completion of your dental care. It has always been meant to assist you.

Many people receive notification from their insurance company that dental fees are "above usual and customary." A dental benefits company determines their reimbursement level by surveying a geographical area and calculating the average fee, then determines that 80% of the average fee is customary. Included in this survey are discount dental clinics and managed care facilities, which have severely reduced dental fees that bring down the average. Any doctor in private practice will have fees that dental benefit companies define as "*higher than usual and customary.*"

Many dental benefit plans tell their participants that they will be covered "up to 80% or 100%" but do not clearly specify the plan fee schedule allowance, annual maximum, or limitations. It is more realistic to expect dental benefit plans to cover between 25% to 40% of dental services. Remember that the amount a plan reimburses is determined by how much your employer has paid for your dental benefit plan. You will get back only what your employer has put in, less the insurance company's profit margin.

Dental benefit companies do NOT cover many routine and newer dental services.

Our team members will gladly assist you in filling out the necessary forms to maximize your dental benefits and discuss your financial options. Excellent dental care is available with or without dental benefits. We hope you will choose the best that dentistry has to offer.

# ANTHONY J. TISONCIK, DDS

Our office is pleased that you have insurance benefits to help you with the cost of your dental care. We would like to help you obtain the maximum use of these benefits. With this in mind, please read the information on our insurance claims process so that we can work together to ensure this benefit.

## **DO YOU ACCEPT MY INSURANCE? HOW MUCH WILL THEY PAY?**

We currently accept all private care insurance (plans that do not require you to select a dentist from a list or require our office to accept a reduced fee for services). This means that we work with thousands of companies. Although we can maintain computerized histories of payment by a given company, they do change; therefore, it is impossible to give you a guaranteed quote at the time of service. We estimate your portion based on the most up-to-date information we have, but it is ONLY AN ESTIMATE.

## **I THOUGHT I PAID MY PORTION BUT I GOT A BILL. WHY?**

We base the patient portion of your bill on our most current data, but there are many factors that can affect this estimate. There may be a deductible (individual or family) or you may have received treatment in another office prior to visiting our office, which is not calculated into our database. Sometimes you may need to see a specialist for care, which also uses your annual benefit. Insurance companies do not (and cannot in most cases) notify us of changes to your benefits, they only notify you. If these situations apply to you, please let us know when we estimate your treatment plan so that we may adjust accordingly.

## **INSURANCE DIDN'T PAY. NOW WHAT?**

We bill your insurance as a courtesy. If insurance does not pay within 90 days, we reserve the right to request payment in full for services from you and let you collect the insurance funds that are due you. This is rare, but it is important that you recognize the insurance you have is a legal contract between YOU and your insurance company. Our office is not, and cannot be, a part of that legal contract. Ultimately, you are responsible for all charges incurred in our office.

## **FINANCIAL OPTIONS**

Our office does request payment in full for your estimated portion at the time of service. If you are in need of an extended option, please just ask one of the patient services staff for an application.
